LA Continuum of Care

LOS ANGELES HOMELESS SERVICES **AUTHORITY**

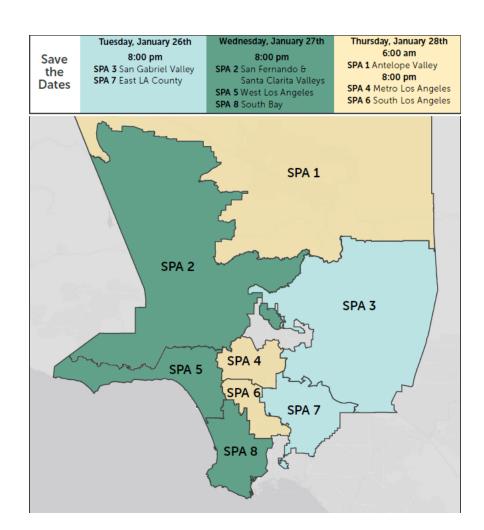

Los Angeles Homeless Services Authority Updated May 10, 2016

Why Do We Count?

- The Homeless Count seeks to answer key questions about homelessness in Los Angeles:
 - How many people in LA experience homelessness on a given night?
 - What are their demographic characteristics?
 - How are they distributed across the county?
 - Where are they staying?
- The Point-In-Time Count is a snapshot of LA's homelessness on one day
- Homeless Count data are reported to HUD

Los Angeles Homeless Count Basic Facts

- Nation's largest Count
- Four Components:
 - Street Count
 - 7,500 volunteers countywide
 - Demographic Surveys
 - Detailed individual data
 - Shelter Count
 - Public and privately funded
 - Youth Count
 - Surveys across a statistically drawn geographic sample

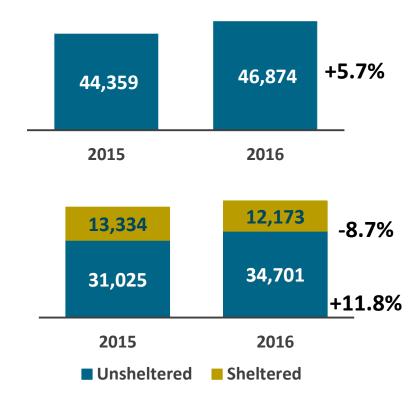

2016 Los Angeles County Results

 The total estimated number of people experiencing homelessness in Los Angeles County was 46,874, an overall increase of 2,515 people or 5.7% from 2015 (44,359)

Total

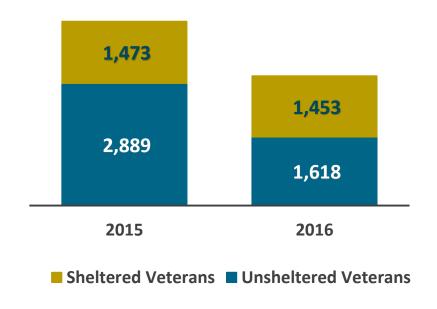

Homeless Count Totals			
	2015	2016	% Change
County of LA	44,359	46,874	+5.7%

Total includes all four Continuums of Care in LA County: LA, Glendale, Long Beach, and Pasadena

2016 Los Angeles County Veteran Homelessness Reduction

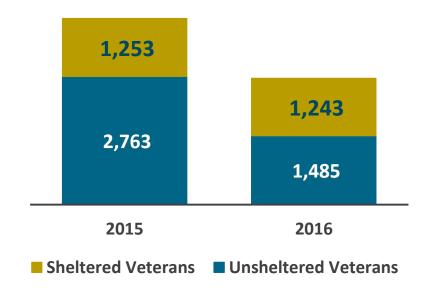

- Veteran homelessness fell 30% across LA County
- 3,071 veterans homeless in 2016, down from 4,362 in 2015
- Unsheltered veterans down 44%
- 47% of homeless veterans now sheltered vs 34% in 2015

Data includes Glendale, Long Beach, and Pasadena

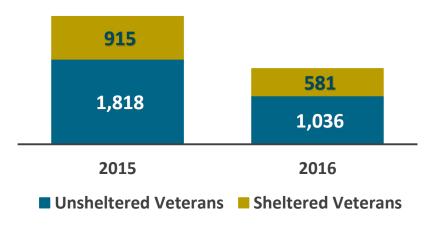

2016 Los Angeles CoC Veteran Homelessness

- Veteran homelessness fell 32% in LA CoC
- 2,728 veterans homeless in 2016, down from 4,016 in 2015
- Unsheltered veterans reduced 46%
- 46% of homeless veterans now sheltered vs 31% in 2015

2016 City of Los Angeles Veteran Homelessness

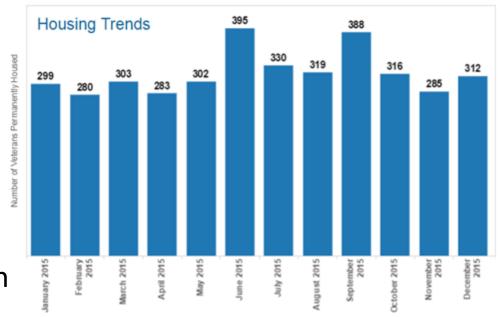

- Veteran homelessness fell 41% in City of Los Angeles
- 1,617 veterans homeless in 2016, down from 2,733 in 2015
- Unsheltered veterans reduced 43%
- 36% of homeless veterans now sheltered vs 33% in 2015

2015 Los Angeles Homeless Count Housing Homeless Veterans

3,812 homeless
 veterans in Los
 Angeles County
 were permanently
 housed in 2015

- Housed 318 per month

2016 Homeless Count Results Veteran Successes

- 8,447 homeless veterans housed since 2014
- Coordinated systems and resource investment work
 - Federal housing vouchers through VA and HUD, with key coordinated funds from City and County of Los Angeles local sources led to decrease in veteran homelessness
- Housing availability continues to be a regional challenge

2016 Los Angeles County Results Fewer Homeless Families Countywide

• LA County:

- 18% decrease in homeless family members from 2015 to 2016
- Unsheltered family members decreased 35%

LA CoC:

- 18% decrease to 6,128 family members
- LA City:
 - 17% decrease to 3,662 family members

2,390 Homeless Families Housed in 2015

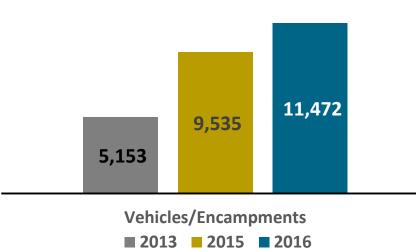

Increases in housing placements are making a difference as investments and resources are resulting in people experiencing homelessness becoming stably housed

Permanent Housing	Placements 2015
Family Members	6,867
Family Households	2,390

Source: LA CoC HMIS and Homeless Family Solution System

The Point-In-Time Unsheltered Count population increased 5%

Vehicles, tents, and encampments increased 20% in LA CoC

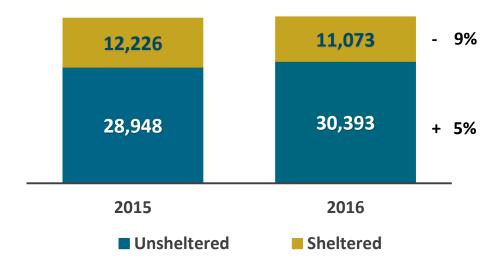

- 75% of population is unsheltered in LA CoC (and City of LA)
 - Compared to **70% unsheltered** in 2015
- Sheltered population (11,073) decreased 9% from 2015

Various Contributing Factors:

Increase in LAHSA-funded shelter *but*

Larger decrease in beds from other programs

The combined *Unsheltered + Sheltered* population increased
 0.7% from 41,174 in 2015 to 41,466 in 2016

 Only Sheltered + Unsheltered components used in 2015 Count

 The total Unsheltered + Sheltered + Youth Count homeless population increased 6.5% to 43,854

 Improvements in Youth Count allow us to include all components:

Unsheltered + Sheltered + Youth Count

2016 Los Angeles CoC Youth Count

- 2016 Youth Count methodology improvements
 - Interview survey of youth (vs observational count)
 - Statistically valid sample (vs simple direct count)
 - Allows estimate of entire LA CoC homeless youth
- Youth Count identified <u>more</u> youth than the number counted during the Point In Time street count
 - This reinforces the need for a Youth Count
- Inclusion of Youth Count impacts homeless population total
 - Although 2015 Youth Count data were not used, a youth estimate was derived from Demographic Survey data

The total estimated number of homeless persons enumerated in January 2016 was 43,854, an overall increase of 2,680 or 6.5% from 2015 (41,174)

	2015	2016	% Change
Sheltered	12,226	11,073	-9.4%
Unsheltered	28,948	30,393	5.0%
Youth Count	-	2,388	N/A
Total	41,174	43,854	6.5%

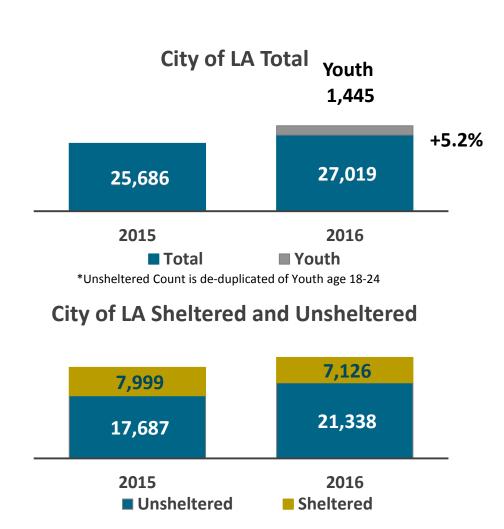

Total

Youth Count data included in Unsheltered Count total

2016 City of Los Angeles

- City of Los Angeles saw an 11% increase in total homelessness
 - 28,464 people (65% of LA County)
 - 1,445 from Youth Count are52% of total increase
- The unsheltered population in the City increased by 21% and the sheltered population decreased by 11%

2016 City of Los Angeles

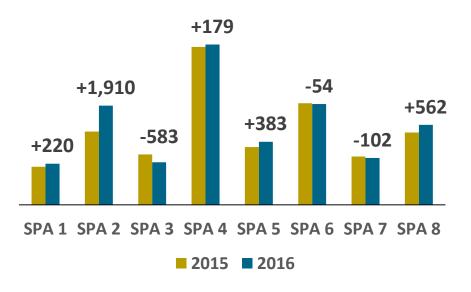

City Council Districts Highlights

Council			
District	2015	2016	% Change
CD 1	1,958	1,986	1%
CD 2	607	1,084	79%
CD 3	620	890	44%
CD 4	625	628	0%
CD 5	879	913	4%
CD 6	1,517	1,856	22%
CD 7	1,062	1,206	14%
CD 8	1,641	1,497	-9%
CD 9	2,395	3,458	44%
CD 10	1,348	1,112	-18%
CD 11	2,359	2,529	7%
CD 12	569	906	59%
CD 13	2,270	3,036	34%
CD 14	6,292	5,590	-11%
CD 15	1,544	1,773	15%
Totals	25,686	28,464	11%

- Decreases in Council
 Districts (CD) 8, 10, and 14
- CD 14 has the highest % share of homeless persons in the City of LA
- CDs 2, 3, 9, 12, and 13 saw increases between 34% and 79% since 2015
- CD 9 experienced largest increase among people experiencing homelessness

2016 Los Angeles County Results by Service Planning Areas (SPAs)

- Three SPAs experienced a decrease or remained essentially flat since 2015
 - SPA 3 (-16% decrease), SPA 6 (-1% decrease), SPA 7 (-3% decrease)
- The largest increases since 2015 were seen in SPA 2 (35%) and SPA 8 (11%)

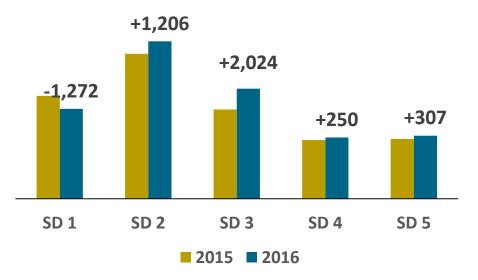

Total includes all four Continuums of Care in LA County: LA, Glendale, Long Beach, and Pasadena

Changes in Service Planning Area (SPA) Homeless Populations 2015 - 2016			
Service Planning Area	2015	2016	% Change
1- Antelope Valley	2,818	3,038	7.8%
2- San Fernando Valley	5,424	7,334	35.2%
3- San Gabriel Valley	3,725	3,142	-15.7%
4- Metro LA	11,681	11,860	1.5%
5- West LA	4,276	4,659	9.0%
6- South LA	7,513	7,459	-0.7%
7- East LA County	3,571	3,469	-2.9%
8- South Bay	5,351	5,913	10.5%
Totals	44,359	46,874	5.7%

2016 LA County Supervisorial Districts

- SD 1 experienced nearly a **13**% decrease in homelessness, while the remaining Districts experienced increases
- SD 3 had the largest percentage increase of 23%
- SD 2 continues to have the highest share of homeless persons in the County

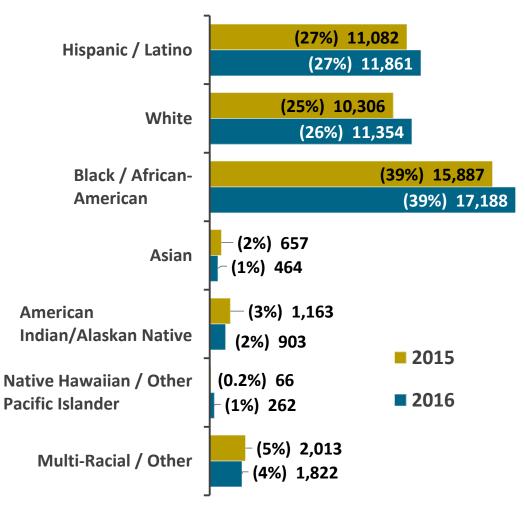

Supervisorial District	2015	2016	% Change
SD 1	10,021	8,749	-12.7%
SD 2	14,116	15,322	8.5%
SD 3	8,688	10,712	23.3%
SD 4	5,711	5,961	4.4%
SD 5	5,823	6,130	5.3%
Totals	44,359	46,874	5.7%

Total includes all four Continuums of Care in LA County: LA, Glendale, Long Beach, and Pasadena

Homeless Persons by Race and Ethnicity

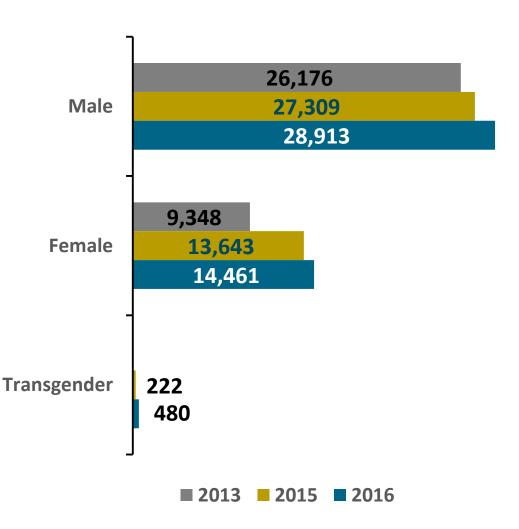

- African-Americans are disproportionately represented amongst homeless persons in 2016
- African-Americans are 39%
 of the homeless population,
 but only 9% of the general
 population in Los Angeles
 County (US Census Bureau, 2016)
- 29% of African-Americans in Los Angeles County live below the poverty line, but are only 12% of the population living in poverty (US Census Bureau, 2014)

Data are for LA CoC Only and exclude Long Beach, Glendale, and Pasadena

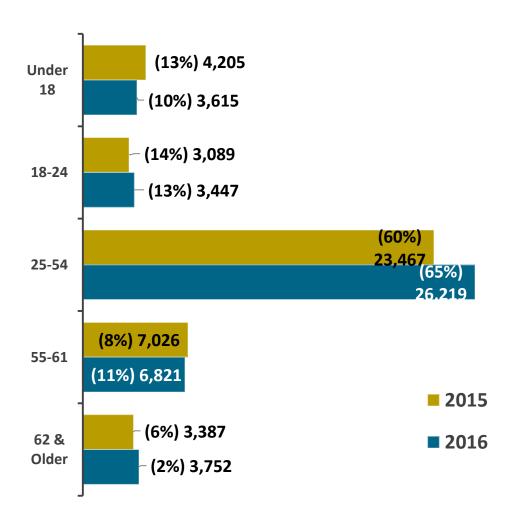

Homelessness by Gender

- Since 2013, there has been a 55% increase in the number of females experiencing homelessness in the LA CoC
- Females make up 61% of the overall homeless population increase since 2013
- The 2013 Demographic Survey did not identify transgender individuals

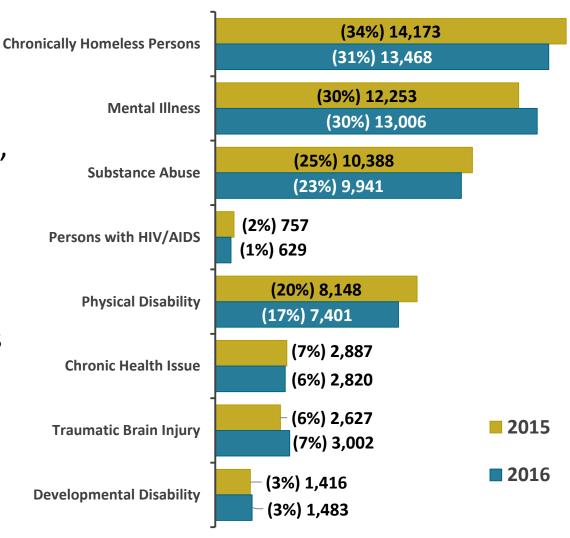

Homeless Persons by Age

There was a 12% increase in people ages 18 to 24 and in people ages 25 to 54

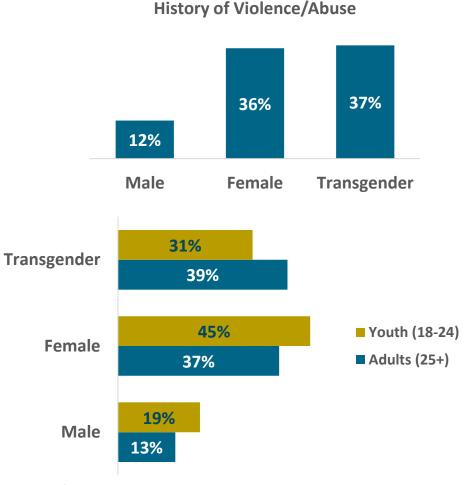

Demographic Characteristics

People experiencing chronic homelessness, people with mental illness, and people with substance abuse represent a large share of the homeless population

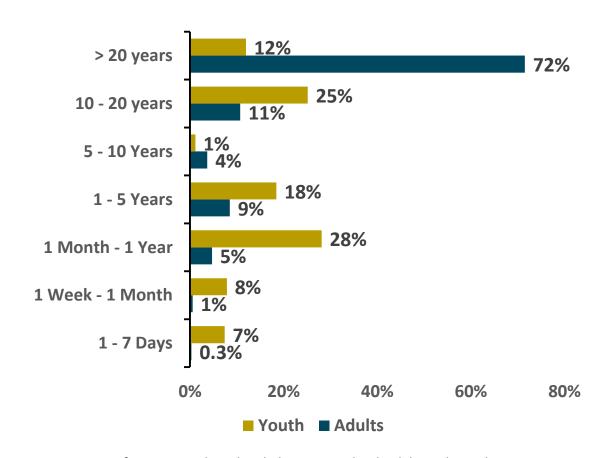

Demographic Characteristics: Domestic Violence

- 18% of the total population (7,868 people) had a history of physical or sexual abuse, including domestic or intimate partner violence and/or stalking
- Females and transgender individuals experience higher rates of violence and/or abuse

Length of Time in LA County

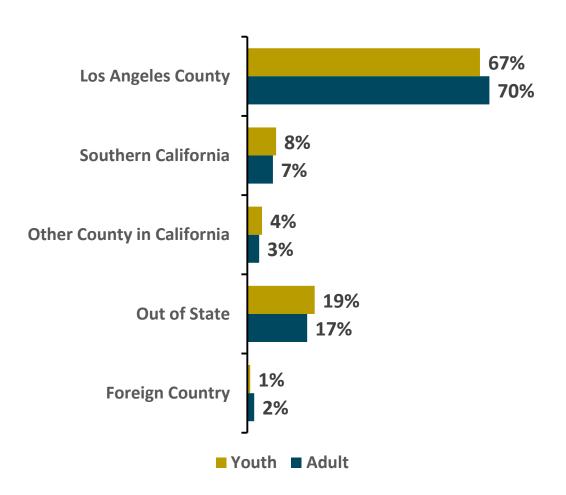

- The majority of adults experiencing homelessness (72%) have been living in LA County for more than 20 years
- 37% of youth age 18-24 have been living in LA County for <u>at least</u> 10 years

Data are for LA CoC Only and exclude Long Beach, Glendale, and Pasadena

Place of Origin

- The majority of adults experiencing homelessness (70%) were last stably housed in Los Angeles County
- 67% of youth age 18-24 were last stably housed in Los Angeles County

Impacting Factors Housing Affordability Crisis Continues

- CHPC found an affordable housing gap in Los Angeles County of 527,000 units in 2015 study
- 18% of LA County residents meet the Federal
 Official Poverty Measure but when housing costs
 are considered, poverty rate jumps to 27%
- Rental vacancy rate in Metro LA region was 2.7% in 4th quarter of 2015, down from 3.8% in 1st quarter of 2015

Current Solutions

- Veteran and Family data show impact of systemically applied resource investment
 - Homelessness responds to resources
 - Collaboration and systemic engagement shows results
- City and County comprehensive homeless strategies
 - Historic engagement, collaboration, and coordination
 - 2016-17 City and County Budget Proposals greatly increase local investment
- Investments by City and County of Los Angeles, and Federal Government will increase housing and supportive services
